

# Accessibility Design Challenge

# ACCESS FOR ALL UK

Improving Accessibility  
Improving Lives

Design something that improves **accessibility**  
for a user with a disability

**Problem > Research > Ideas > Prototype > Test > Improve > Share**

# Example prototype

# Working Prototype

Glasses designed to help people with **dyslexia read more easily**

# Early Dyson prototype (1993)

# Modern Dyson Design

**Dyson built 5,127 prototypes before success**
